

EP-1175

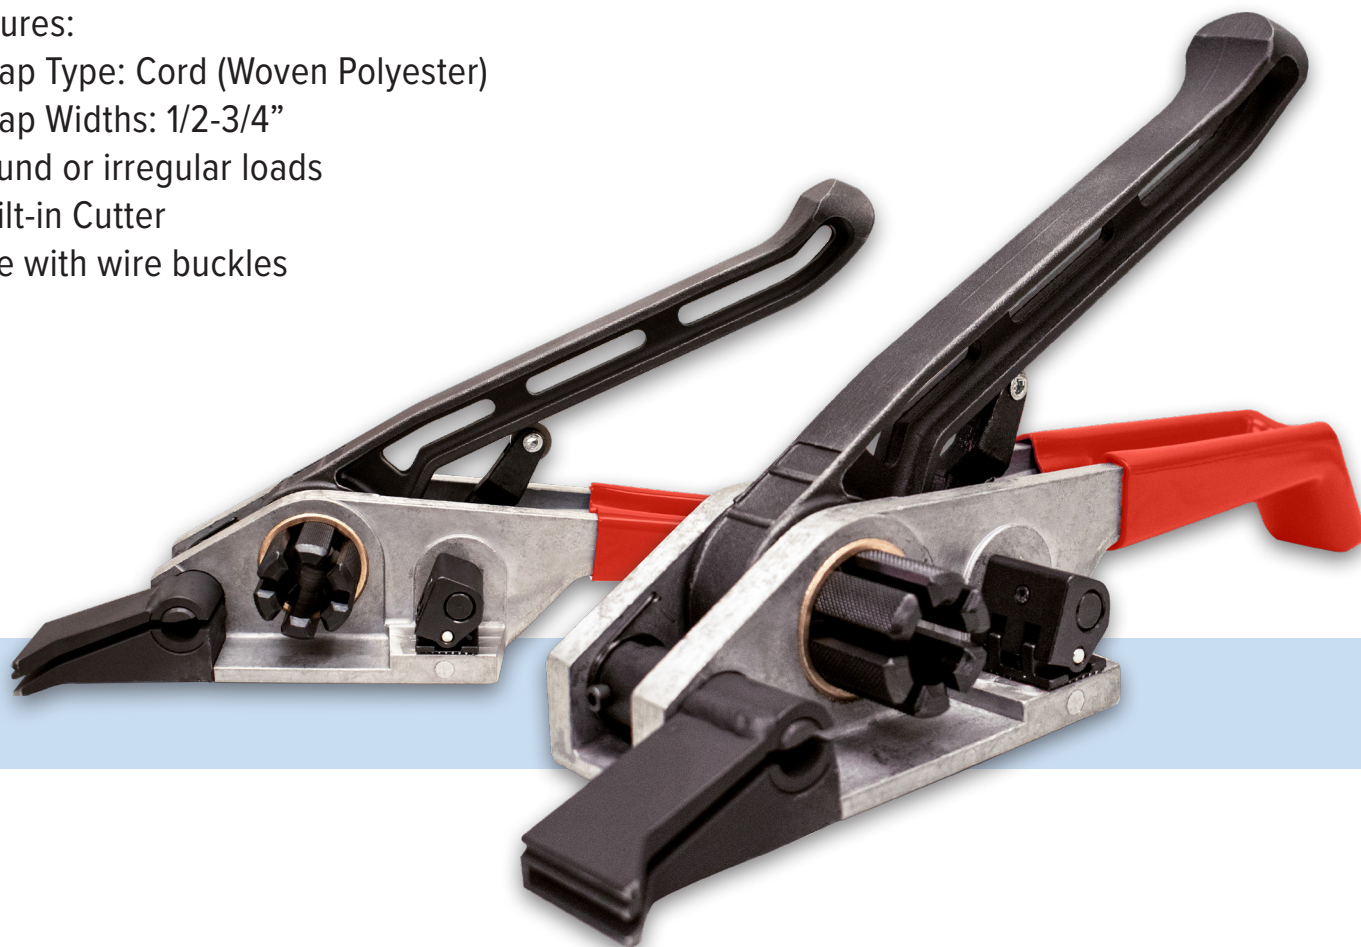

Premium Windlass Cord Pusher Tensioner

Premium Tensioning for Cord Strap

The EP-1175 has a solid steel handle with a clutch roller bearing system that allows for firm tensioning of large, irregular, round loads. This unit is compatible with cord strapping from 1/2" up to 3/4" in width and has a built-in cutter.

Features:

- Strap Type: Cord (Woven Polyester)
- Strap Widths: 1/2-3/4"
- Round or irregular loads
- Built-in Cutter
- Use with wire buckles
